~ All prices include shipping. If eggs are picked up from the farm or at a show the price will be reduced. Contact us for details.

**** ONLY USPS Priority Mail postage will be available for egg shipments. Priority Mail generally takes 2-3 days for delivery but it is not guaranteed and can on occasion take 5+ days especially if you live far from Indiana, live in a very rural area, or the week of shipment is a holiday week. Unfortunately, we do NOT offer USPS Express Mail postage for egg shipments. We cannot guarantee what day the eggs will arrive and will not send replacement eggs due to the eggs getting delayed past the "general" shipment time frame of 2-3 days. The USPS does not guarantee delivery dates for Priority Mail and neither can we.**

*** The ducklings that hatch from the Gray, Blue Fawn, & Pastel Call Assortment can hatch to be any of those three colors but, most will be gray. If you are interested in one color over another then I recommend you make arrangements to pick up/ship started birds in the fall.**
